

ALAN P J

JUNIOR JAVA DEVELOPER

Thrissur, Kerala, India • +91 7510189423 / alanpjpnc@gmail.com

[Portfolio: alanpj.com](https://alanpj.com)

PROFESSIONAL SUMMARY

Junior Java Developer with hands-on experience in building and maintaining Java-based applications using Core Java and Spring Boot. Strong understanding of OOP principles, Collections, Exception Handling, JDBC, REST APIs, and MVC architecture. Currently contributing to an enterprise payroll system migration project. Quick learner with practical backend development experience in Agile environments.

TECHNICAL SKILLS

Programming Languages

Java, JavaScript

Core Java Concepts

OOP, Collections, Exception Handling, Multithreading

Frameworks & Technologies

Spring Boot, JPA/Hibernate, REST APIs, React.js, Vue.js

Backend Technologies

- Spring Boot, JPA/Hibernate, REST APIs

Database & DBMS

MySQL, PostgreSQL

Tools

Git, GitHub, Postman

EXPERIENCE

Apprentice Trainee – Full Stack Developer(Java+React)

Muziris Softech Pvt. Ltd. | Mar 2025 – Present

Tech Stack: Java, Spring Boot, React, PostgreSQL, REST APIs, Git, Postman

- Contributed to migration of an enterprise payroll system from .NET to Java (Spring Boot)
 - Developed backend business logic using Core Java, Spring Boot, and JPA/Hibernate
 - Implemented exception handling, input validation, and reusable utility classes
 - Implemented backend logic using Java, Spring Boot, and JPA/Hibernate
 - Designed and queried PostgreSQL databases for data persistence and queries
 - Tested APIs using Postman and managed code using Git
 - Collaborated in an Agile team environment with frontend developers
-

PROJECTS

MuzPayroll – Enterprise Payroll Management System

Domain: Payroll / HRMS

Tech Stack: Java, Spring Boot, React, PostgreSQL, REST APIs, JWT, Git

- Developed secure REST APIs using Spring Boot

- Implemented JWT-based authentication
- Designed reusable service-layer components using Core Java and Spring Boot
- Worked on validation, error handling, and standardized API responses

CareLink

Appointment Booking System (React.js, Spring Boot, MySQL)

- Developed responsive frontend interfaces for appointment scheduling.
- Built REST APIs for managing doctors, patients, and appointments.
- Implemented JWT-based authentication and role-based access control.

TrendNest

E-commerce Website (Vue.js, Spring Boot, MySQL)

- Built product listings, cart functionality, and admin inventory management.
- Developed REST APIs for user authentication and order processing.

EDUCATION

Master of Computer Applications (MCA)

DePaul Institute of Science and Technology, Angamaly, India

Aug 2023 – Mar 2025

CGPA: 7.68 / 10

Bachelor of Science in Computer Science

Prajyoti Niketan College, Pudukad, India

Aug 2020 – Apr 2023

CGPA: 7.32 / 10
